Wonui Kim

Economics student · AI-native product builder

State College, PA · Open to New York opportunities
kimwonui2001@gmail.com · kimwonui.github.io · gillog.com

Penn State economics student combining market research, creative project leadership, and AI-assisted product development. Building consumer apps and personal workflow integrations with Claude and Codex. Seeking full-time opportunities with teams that use AI to improve products and operations.

EDUCATION

The Pennsylvania State University · University Park Expected Fall 2026

B.A. in Economics

SELECTED PRODUCT & AUTOMATION WORK

GilLog · Independent Product Builder 2026–Present

- Developing a route-based diary combining recorded walks and trips, location-linked photos, and notes.
- Shaping public/private records, shared journeys, and folder flows; iterating on the app and product website through AI-assisted development and review.

AI-Assisted Personal Workflows 2026–Present

- Designing workflows connecting chat, email summaries, Notion records, and task coordination through local integrations and service APIs.
- Using AI coding assistants to implement and refine systems, verify execution results, and retain human review for consequential actions.

KeyGlo · Independent App Project 2025–Present

- Planned, designed, and built a Korean–English translation keyboard for iOS; collected beta feedback to refine the experience.

EXPERIENCE

IC (Infinite Challenge) · Founder & Lead Dec 2025–Present

- Coordinate creative projects across video, design, and writing, organizing contributors from planning through delivery.
- Organized and filmed a skydiving event and documented the project through a website portfolio.

SpoAny · Overseas Manager, Freelance May 2025–Present

- Researched five competing gyms within a 2 km radius, comparing pricing, promotions, facilities, and customer traffic.
- Compared Korean and U.S. fitness markets and supported communication between Korean headquarters and U.S. contacts.

Republic of Korea Marine Corps · Sergeant Mar 2023–Sep 2024

- Served 18 months in the 2nd Marine Division in reconnaissance and infantry roles; honorably discharged.
